

Buffalo Your ship.

Too late for last week.

Low Woodburn is papering for Frank Spaniol and John Damm this week.

Tobias Unruh was visiting with Robert McMullin yesterday.

They say, that the Hon. Chester I. Long is going to leave Kansas and move to Pennsylvania simply because there is not a republican in Kansas to run for Governor.

Chas. Remert was in the county seat yesterday transacting business.

Here is hoping that Mr. Ground Hog gets a good shadow of himself on his next birthday. Don't think he could beat this kind of winter now.

Frank Spaniol has invented a new way of hauling hogs to market. As soon as Frank is able to be around he will apply for a patent.

Powell, the threshing machine man from the county seat finished up threshing alfalfa for the Ewing brothers and pulled back to Great Bend.

The scholars in District 7 are practicing for a drama to be given in a couple of weeks.

Some of our farmers seem to be pretty badly scared over the wheat prospects especially that which was sown late. We don't believe that you can tell much about it until spring opens up.

We notice that a good many of our farmers who were holding their wheat for \$1.25 per bushel seem to be trying to get it off their hands before March 1st.

Fred Wolf expects a brother of his from Missouri to move here this spring.

Mr. Pettit, who lives on the I. Pelser farm thinks if this kind of weather holds out he will have some corn to husk next summer.

Harry and Henry Damm are husking corn for Joe McMullin.

G. Skalsky drove over to Ellinwood Sunday, and Mrs. Skalsky and the children went over, Monday, and together they will visit with relatives for a few days—Belpre Bulletin.

Chas. Voight was up from Hudson Saturday and Sunday. He reports his father, August Voight as being very low at present. Mr. Voight has been afflicted with rheumatism for the past few years.

Gustav Janzen received the appointment as carrier on route 1. Mr. Janzen intends buying a motor-cycle to use when the weather is favorable to carry the mail. This will give the patrons quick service and will be greatly appreciated.

Friends of Mr. and Mrs. John Havis will be sorry to learn of the death of their infant child Tuesday. The babe was born Tuesday morning and lived for only one hour. The funeral services were held yesterday. Father Emmerich conducting the services.

We wish to make a correction of the item we had a week ago in which we stated that C. J. Hammer had returned from Oklahoma. C. J. says his friends are all telling him that either he or the paper told a fib. He returned from Hot Springs where he had been for his health.

In several sections of the state people are complaining about the wheat crop being killed. So far we have not seen a farmer in this part of the country that has any kick com

ing. We have interviewed several farmers this week and all express themselves as the situation not being as bad as reported.

Jake Haas has been promoted again as road master on the Santa Fe. Jake now has his head quarters in Hutchinson, Kansas. However, he will have two divisions to look after for awhile. He will still be road master for this division until spring. He moved his household goods to Hutchinson last week. His family will visit in Ellinwood until their home in Hutchinson is complete. His many friends here are glad to see Jake making such rapid advancement with the Santa Fe.
